

HAPPY EDUCATED CHILDREN'S FOUNDATION

Founding Statement of the Happy Educated Children's Foundation (HECF)

The Happy Educated Children's Foundation (HECF) was founded by Veronika N. Jakob, a lawyer and entrepreneur, driven by a profound belief in the transformative power of education. Recognizing the educational disparities faced by underprivileged children in Namibia, Veronika established HECF with a mission to provide equitable access to quality education. With her passion for advocacy and social change, HECF strives to create opportunities for every child to achieve their full potential, fostering a brighter and more inclusive future.
